

Meet our Mobile Surgeons

Janice Buback, DVM, MS, Dipl. American College of Veterinary Surgeons

Internship: University of Missouri, Columbia

Residency: Texas A&M

Areas of Interest: Skilled and board certified in all areas of surgery including soft tissue, orthopedics and neurosurgery. Primary interests are soft tissue surgery and pain management, with special emphasis on minimally invasive techniques including laparoscopy, thoracoscopy, and tracheal and urethral stenting. She is happy to bring these surgical services to Southeast Wisconsin.

A native of Austin, Texas, Dr. Buback has lived in several states throughout the Midwest, working in specialty referral practices in Atlanta, Georgia; Appleton, Wisconsin; and most recently Indianapolis, Indiana. Her husband, Timothy, is also a veterinarian. They and their children, Tim, Hannah, and Caleb, enjoy soccer, camping and fishing.

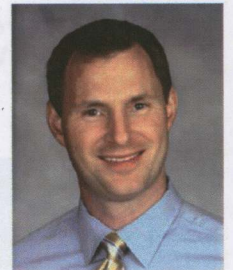

Jacob Odders, DVM, Dipl. American College of Veterinary Surgeons

Internships: Mississippi State University and Dallas Veterinary Surgical Center

Residency: University of Minnesota-St. Paul

Areas of Interest: Skilled and board certified in all types of surgery including soft tissue, neurosurgery, and orthopedics. Has conducted clinical research in cruciate injuries and bone growth deformities.

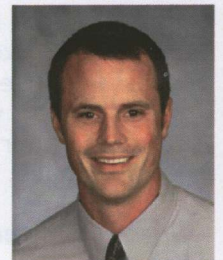

Born and raised in Racine, Dr. Odders skillfully performs all types of surgery on companion animals. His clinical research has been largely based on orthopedics, with emphasis on the development of stifle joint in Labrador retrievers and its relationship to cruciate injury. Additionally, he is an expert in performing the TPLO procedure as well as in surgical correction of angular limb deformities.

Brian Teunissen, DVM, Dipl. American College of Veterinary Surgeons

Internship and Residency: Michigan State University

Areas of Interest: Skilled and board certified in all areas of surgery including soft tissue, orthopedic and neurosurgery. Conducted clinical research in TPLO biomechanics, gait analysis and microvascular surgery. He has special interest and expertise in arthroscopic, TPLO, oral/maxillofacial and emergency surgery.

As a native of Sheboygan, Dr. Teunissen is pleased to offer his compassionate care and surgical expertise to pet owners in Southeast Wisconsin.

We're never too busy to care
